

THE CENTRAL RECORD.

THIRTY SECOND YEAR

LANCASTER, KY., THURSDAY AFTERNOON, OCTOBER 6, 1921.

NUMBER 37.

IMPORTANT PROJECTS

To Be Taken Up By Chamber Of Commerce.

At a meeting of the directors of the Chamber of Commerce held Monday, Oct. 4th, the following items were submitted for consideration and the executives went on record for the adoption of same.

To install Highway signs for the benefit of the traveling public, two to be installed at the "L" in the road indicating the course to Chattanooga, and all intermediate points, and the other road leading to Crab Orchard, Knoxville, Atlanta and Florida points. It is also considered essential to place a sign at the Lexington street directing Lexington travelers to the left as many unfamiliar with the road are tempted to travel straight into Hill Court, where the streets abruptly terminate.

It is also the plan of the organization to publicly announce that all legitimate selling, canvassing, soliciting and other means of raising money will not be recognized by members of the Chamber of Commerce until the idea has received the endorsement and approval of the special committee appointed by the organization to determine the merit of the proposition.

Membership cards will be issued to every member of the organization conveying the information that the city merchant, business man or professional man is a member of the Chamber of Commerce and care you a member—of not why not?

An investigation disclosed the fact that hundreds of Garrard County residents journey to near by towns every year to have photographs taken because Lancaster possesses no studio or professional photographer.

It was the unanimous opinion of all present that Lancaster should have a telegraph station and an up town express office.

Notices have been sent to the Chambers of Commerce at Danville, Winchester, Lexington, Mt. Sterling, Ashland, Bowling Green, Glasgow, Paducah, Owensboro, Covington, Frankfort, Cynthiana, Henderson, Hazard, and the following Louisville organizations: Board of Trade, Tourists Information Bureau, Rotary Club, Optimists Club, Kiwanis Club, Louisville Automobile Club, Merchants & Manufacturers Association and the U. S. Chamber of Commerce at Washington, D. C. that the Chamber of Commerce of Lancaster, Garrard County, Ky. is now prepared to co-operate with all organizations involving civic, industrial, agricultural and commercial expansion, development and improvement, especially through the state of Kentucky.

The Secretary's office shall be glad to keep record of any person or persons having rooms for rent or houses which are available to persons seeking such recommendations.

The secretary's office also wishes to announce that it will be a medium through which employee or employment may receive assistance. If you are in need of help or looking for work the organization will do everything possible to cater to your wants.

The secretary's office has been requested to accumulate data for the information of the store-keepers, merchants and business men of Lancaster, Garrard County, information to assist in establishing credit ratings. It is believed that the average business man of today will welcome the opportunity to ascertain some information about those who apply for credit, so that losses through delinquency may be kept at minimum and at the same time accounts opened by those who desire to give credit where the circumstances are justifiable.

Disasterous Fire!

A fire that perhaps would cause you to mortgage your farm to rebuild, paying 8 per cent on borrowed money. Stop! Think we take this responsibility for less than 1 per cent and happiness prevails where GAINES' insurance exist.

Fire and wind losses recently adjusted on presentation of claim, as follows: G. A. Bowling, W. T. Doolin, Walter Centres, Tom Poynter, Job Marsee, Pence Bros., Wilson Alexander, Henry Hurt, J. H. Turner, and Jas. Clark, Sr.

McGinnis

POPULAR YOUNG ATTORNEYS

Open Offices Here.

A new firm of attorneys composed of Robert H. Tomlinson of this city, and Robert H. Hays, of Winchester, joined the ranks of the local bar this week. Mr. Tomlinson is a son of the late R. H. Tomlinson, dean of the local bar and is well known to the people of this community. He is a graduate of DePaul University and of the University of Kentucky. Mr. Hays is a son of J. Smith Hays, of Winchester, and comes to Lancaster after considerable experience in his father's law office. He is a graduate of Yale College and the College of Law of the University of Kentucky, having attended the former institution for his academic education and being the Alumni Scholar from Kentucky for 1914. Mr. Hays took part of his legal course at Yale and completed it at the University of Kentucky, being graduated from the latter institution last June as honor graduate of his class.

The new firm will occupy the offices formerly occupied by Mr. Tomlinson's father on the southwest corner of the public square.

The Record together with their friends in Lancaster and elsewhere, extend to these young gentlemen every good wish and bespeak for them a liberal patronage.

Sudden End Comes To Mrs. Bristo Conn.

The sudden death of Mrs. Bristo Conn at her home in Danville, came as a shock to friends and relatives in this city yesterday morning when the sad and distressing news reached this city.

Mrs. Conn had not been sick two days, with an attack of asthma and her physicians thought she was in no immediate danger, but a heart attack brought the end quickly. Mrs. Conn is survived by her husband and one small boy, Bristo, Jr., her parents, Mr. and Mrs. Selma Miller, of Louisville and one brother also survive.

She was a consecrated member of the Presbyterian church. As Elizabeth Miller, she was married to Mr. Conn about five years ago, and to him and the dear boy the heart of the community goes out to them in their distress and sorrow.

Funeral services will be conducted this afternoon at three o'clock at the Lancaster cemetery, where the interment will take place, the services being conducted by Rev. H. S. Hudson.

Store Changes Hands.

The storehouse and stock of goods of J. E. Whitted at Nina, which was sold at assignee's sale recently, was purchased by Kidd & East of Wallacetown, and these gentlemen are now in charge of the business.

Some Fruit Escaped.

Garrard County, while almost entirely without fruit this year, can yet boast that all the fruit was not killed by the severe spring weather, there are a few paw-paws and persimmons in some portions of the county.

Loses Dwelling By Fire

Mr. Alfred Mulcar, who resides near Hyattsville, suffered the loss of his home and contents by fire on Monday morning. The fire caught from the kitchen stove and had gained so much headway before discovered that it was almost impossible to save anything. Mr. Mulcar carried a small amount of insurance.

Quick adjustments made when insured with Gaines.

Teachers' Meeting Saturday, Oct. 8, 1921

The teachers of Garrard County will have a meeting at the Court House Saturday for the purpose of making the final arrangements for the School Fair which will be held later. There will be on this program President H. H. Cherry, of Bowling Green, and Prof. J. W. Ireland, of Frankfort, and some one from the Department of Education, besides interesting addresses by local people. We hope that as many from the districts will come as possible. Jennie Higgins, Supt. Helen Gill, Secretary.

Magazines.

I am prepared to take orders for any and all magazines and would appreciate such favors from my friends. Mrs. Dolly Brown.

LINCOLN COUNTY

In The Burley Pool

More Than Eighty Per Cent Pledged

To Tobacco Marketing Association And Workers Will Endeavor To Sign Up Remainder Of Crop.

Lincoln County became Thursday the seventh of the burley counties to reach or exceed its quota in the drive of the Burley Tobacco Growers' Cooperative Association to sign up the 1921 crop to the marketing plan of the association. Lincoln, according to the figures of Chairman Jesse S. Hoeker and Secretary R. M. Blackberry, has pledged 1,703,000 pounds, 80,000 pounds of which was signed up Thursday after a meeting of growers, which was addressed by Congressman J. Campbell Cantrell. The county's production in 1920 was 2,000,000 pounds and the pledges, therefore, total more than 85 per cent of the 1920 crop.

In his address at Stanford Thursday Congressman Cantrell urged the tobacco growers to "sign the declaration of independence of the children of the district," asserting that the children of the burley district are being denied the advantages of education because of the low price paid for tobacco, since their parents are unable to clothe them properly, buy their books and send them to school on present tobacco prices. He was introduced by Chairman Hoeker and praised the exhibit of tobacco on the judge's stand, taken from a crop of forty acres grown by three sisters, Mrs. Mattie Skirvin and Misses Rose and Sarah Hackley, daughters of J. T. Hackley.

The counties which have raised their quotas in pledges to the association, besides Lincoln, are Fayette, Bourbon, Woodford, Montgomery, Bath and Carroll, the latter being the first to sign up 75 per cent of its crop. In all these counties, the work of soliciting contracts is continuing, Montgomery having signed 90 per cent of its crop and Bourbon more than 80 per cent, with workers seeking to sign the entire crop before November 15, when the campaign closes.

Besides the counties which have signed their quota it was said at headquarters that between fifteen and twenty other counties were very near the seventy-five per cent minimum and that next week's work is liable to put a number of those "over the top."

The coming of Aaron Sapiro, of California, to the state this month is expected to aid materially in closing the campaign successfully.

Athletic Girls.

The boys are not to be allowed to monopolize the athletic sports at the local schools. The young ladies are organizing basket ball teams and practicing daily, and with as much zest as the boys manifest for foot ball.

Tobacco Cutting About Finished.

The tobacco crop of the county, an unusually good one, is about all cut, housed, and as a rule is curing nicely. There has been some complaint during the damp weather of the week just past of house burn in certain localities, and the farmers have resorted to firing and other means of averting this menace, but as a general thing the crop is in good condition, and the stripping process will soon begin.

Feeding Less

Fortunate Neighbors

While the bluegrass suffered from drought and other calamities which sadly curtailed our fruits, vegetables, etc., which we are accustomed to put away against the coming of winter, our "mountain" neighbors are more fortunate. Many wagons are here every day from the hill country with apples, sweet potatoes, Irish potatoes, sorghum and various other things of which we have not a bountiful supply this season.

You cannot expect to have good wheat by sowing poor seed. We have the best car of seed wheat shown in this county for several years. It has been tested by the Kentucky Agricultural & Experiment Station. We ask that you see this wheat before you buy. Hudson & Farnau.

Don't forget to attend the ladies' prayer meetings each morning next week.

GREAT REVIVAL

Continues At Methodist Church.

The Revival campaign of the Methodist Church is growing in interest at each service. Large crowds are in attendance nightly. There has been built a large choir platform that will accommodate about fifty persons and it is filled almost every evening. The singers of the town, assisted by "The Boosters Club" under the leadership of Mr. Grenfell are making the singing an attractive feature of the meeting. The "Boosters Club" is an organization of the community for the spiritual uplift of those between the ages of fourteen and thirty-five. Come young people and let's make this the greatest club Grenfell has ever had.

Rev. Callis is a strong preacher of the Gospel and will give both saint and sinner something to think about at each service.

Rev. Callis and Mr. Grenfell have held great revivals at other places and Lancaster can have the same with the co-operation of the community.

Services at 7:30 each evening this week except Saturday evening.

Services for next Sunday are as follows: At 11:00 o'clock, preaching, subject "The Power That Wins"; at 4:00 o'clock there will be a meeting for women only, subject, "The Mother and Her Daughter"; at 6:30 the "Boosters Club" at 7:30 the subject will be "The Great Awakening." Beginning Monday of next week the town will be divided into districts and each district will have a lady captain who will take charge of a cottage prayer meeting in her district each day at ten o'clock. At the same hour in the business houses on the square a men's meeting will be held, lasting only fifteen minutes. Each day at 2:30 and 7:30 there will be services at the church.

Let us as a community join hands and hearts to win the lost to Christ. Come one and all to each service and come praying that God may give us a great revival such as will tear down the strongholds of Satan and build up the "Kingdom of God."

Democratic Picnic On October 22nd.

The democratic women of Garrard county are preparing to have a big democratic picnic for women, men and children, at the Garrard Tobacco Warehouse on Saturday, October 22nd. Every effort will be made to furnish entertainment to the crowd in the way of music, speaking and dinner at 12 o'clock.

The program has not yet been completed, but Mrs. J. B. Conn, Chairman, and Mrs. W. B. Barton, Vice-Chairman of the Women's Democratic Campaign Committee of Garrard County, together with their committees of women are busy at work arranging the details of the picnic. Mr. J. A. Beazley, Chairman of the Men's Democratic Campaign Committee with his committees are assisting the women in every way possible and it is the plan to make this one of the biggest social affairs that we have had in Garrard county for years in the way of political organization. In next week's issue we will give the list of committees who have this picnic in charge and also the program as far as it may be arranged up to that date. Everybody in the county who are interested in the success of the democratic ticket will be invited and urged to participate in making it a big success.

Narrow Escape

For Little Child

Mr. Ben F. Kelley, who resides at Hackley in the county, came near losing a child by drowning last week. Willie his three year old son investigated the open top well on the premises, with the result that he toppled in. Fortunately the well top, a board eighteen inches square, had fallen in the well, and the youngster in falling came in contact with and clutched it; upon this frail craft he floated until his mother heard his cries and summoned help, and he was pulled out none the worse for his advantage save a wetting. The water in the well was fifteen feet from the surface and eight feet deep, and it took the combined efforts of three men to rescue the youngster.

Ladies, do not fail to hear Rev. Callis on Sunday afternoon at 3:00 o'clock. Women only, subject—"Mother and Her Daughter."

GARRARD'S GOAL

Will Be Reached In A Few Weeks.

NEARLY A MILLION YESTERDAY

Every business house in Lancaster, Bryantsville and Paint Lick, closed its doors yesterday, in an effort to give every assistance toward reaching Garrard's goal in the Co-operative plan of marketing tobacco.

About 35 automobiles and one hundred of her best citizens and producers canvassed the county and as a result nearly a million pounds were contracted for the Burley Tobacco Association, which together with contracts previously signed will bring the total toward the two million mark.

Those who are taking prominent part in this movement are confident that the plan will be carried out and before many weeks fully 75 per cent of Garrard county's crop will have been pledged to this plan of marketing.

The drive will be continued from day to day and no let up will be entertained by those who have the work in charge. Two gentlemen from headquarters at Lexington came in this morning and will assist the local workers throughout the county for the next few days.

A list of farmers and growers who have signed the contracts will be published in next week's issue of the Central Record.

CLOSE CALL

A. J. Boswell Severely Injured By "Old Henry."

A. J. Boswell, aged 54 years, and giving his present home as Rowland, Ky., was desperately injured yesterday about noon near Gilberts Creek station, while walking the L. & N. Railroad near that place.

He claims to be very deaf and did not observe the local train as he stepped upon the track, although the train employees claim that the whistle was blown repeatedly, and was brought almost to a stop but not until it had struck Boswell and he was carried under the cow-catcher. The train was blocked and Boswell removed and placed on a cot and brought to Lancaster. It was found upon examination that one leg was badly mangled, a rib or two broken, but no apparent internal injuries. He is now at the Kengarian Hotel and is being well cared for. He had several hundred dollars in cash on his person, beside a cashier's draft for \$1,000.00. He has four children at Rowland. His wife died about two years ago.

Burnett—May

Dr. William Burnett and Mrs. Burnett request the presence of relatives and friends at the marriage of their daughter, Cassie Mae to Mr. Albert DePauw May, on Thursday evening, October the sixth at eight o'clock, Pleasant Grove Church, Lexington Road.

Extending

Maple Avenue.

Many of the progressive and accommodating farmers living on the old and the new Danville pike have volunteered a man and a team for one day, Tuesday, October 18th, to assist in surfacing Maple Avenue from the city limits to the intersection of the Danville road, with gravel. This would mean a great deal to the farmers who live West of town, for by going to Maple Avenue one escapes the heavy grade on Danville street. Already 22 wagons have been promised for this day, but Mr. E. C. Gaines, who has the matter in charge, wishes at least a dozen more that the work may be completed in one day.

One Killed And

Five Hurt.

John Prewitt, farmer, 24 years old was killed and five others severely injured, last Sunday morning in Danville, when their auto was struck by a cut of cars in the switch yards of the Southern Railway, on the Lebanon crossing near the depot. Ten persons occupied the machine and it was miraculous that not more were killed.

The night watchman had gone into his shanty to warm and a moment later the crash occurred.

Rev. Callis and Mr. Grenfell will conduct services on the public square Saturday afternoon at 3:00 o'clock.

NATION TO PRAY

ARMISTICE DAY

President Issues Proclamation Calling For Two-Minute Devotional.

TO HALF-MAST ALL FLAGS.

Washington, Sept. 30.—The American people were called by President Warren G. Harding, in a proclamation issued today, to offer a silent two minute prayer at noon Armistice Day, November 11, when the body of an unknown American soldier killed in France will be laid to rest in Arlington National Cemetery.

The proclamation calls on "all devout patriotic citizens" to pause for two minutes—from twelve o'clock noon until two minutes past twelve—for a period of silent prayer of thanks to the Giver of all good for these valuable and valorous lives and of application for His Divine mercy and for His blessings upon our beloved country.

Directions are contained in the proclamation for the half masting of the flag on all public buildings, all stations of the army, navy and Marine corps and on all American embassies, legations, and consulates throughout the world from sunrise to sunset Armistice Day when it is the hope of the President that the whole nation shall join in honoring America's dead of the world war.

Another Victory.

Capt. Cox and his wonder eleven traveled to Richmond last Friday accompanied by a large band of rooters and showed the Model High School how to play that great game Foot Ball.

Lancaster took the Madison lads on surprise in the first quarter when Capt. Cox after having brought the ball up the field by Forward passes, end runs and bucking, the line dropped back to the 38 yard line and placed the pigskin over the goal for a three point gain over their out-weighted opponents.

The second quarter was fought hard up and down the gridiron as well as the third, when the heavy lads representing Richmond showed signs of weakening and the Lancaster High boys rushed the ball over the Richmond goal line for a touchdown and the captain kicked the goal for seven points making the final score stand 10 to 0 in favor of L. H. S.

The backfield consisting of W. Robinson, C. Gastineau and Cox worked fine, their interference was good and the plays that they pulled was highly complimented by the Richmond supporters.

The line consisting of Kavanaugh, Crutchfield, Aldridge, Moore, Sanders, Lawson and G. D. Robinson worked like a machine and they held their opponents many times and then made openings for their own ball to be advanced. Crutchfield played an unusual good game when he intercepted and broke up quite a few of the Richmond lads when they tried to take the aerial route. Bratton at Center displayed his usual good form and placed the ball to his men so they could be no chance for a fumble.

This was indeed a good game and the entire team deserves much credit for the game they won from the Richmond lads.

Capt. Cox and his men will journey to Millersburg tomorrow, (Friday) where they will go up against that strong M. M. I. team of that city.

Doves Fairly Plentiful.

Doves are fairly plentiful in the hemp fields and local nimrods are bagging the number allowed by law almost daily.

Oiling Road.

The Richmond pike from the city limits to the residence of Mr. John Hill beyond Point Leavell has been treated with a coat of tarva.

Good Meeting.

Rev. Manly is assisting in a splendid meeting that began at Mt. Lebanon two weeks ago. He is being aided by Rev. J. B. DeGamo, evangelist. There has been fifteen additions and as the interest is continuing the meeting will go through next Sunday.

Men, do not fail to attend the Men's meeting each morning next week at ten o'clock at some business house.

Stoves polished. Call Hugh Gibbs at Central Record.
